

## Scouting & Schools

### Building Brighter Futures Together

Scouting's inclusive programs are designed to instill lasting values in young people about faith and family, community and country. Scouting promotes leadership, problem-solving skills, citizenship and fitness. As an educator, we know you value the growth of your students in each of these areas.

Don't just take our word for it. According to a recent study\*, Scouts and former Scouts are more likely to:

SHOW RESPECT     DONATE MONEY     READ

VOLUNTEER     VOTE     SET GOALS

WORK HARD     EXCEED EXPECTATIONS     LEAD

LIFE LONG LEARNING     EXERCISE

*The programs of the Boy Scouts of America complement the goals of every educator in America. We look forward to continuing our work together throughout the Great Rivers Council to build strong citizens and help future generations stand on the shoulders of their predecessors.*
